

TIRE PRESSURE REGULATOR AUTOAIR II CAR - WALL UNIT

AIR A

Article number:117330000
EAN: 4031109003971

DESCRIPTION

Electronically controlled, automatictire pressure regulator.Stainless steel housing, illuminated display. Legally calibratable, approval through PTB design approvalno. 18.08/00.03 / 18.08/05.03

- Easy to operate

TECALEMIT GMBH & CO. KG

fr: 08:00 - 15:00 o'clock

- Desired tire pressure is
- preselected with the use of 2 buttons (+/-) and then confirmed with the (v) button
- Filling process starts automatically after
- hose is connected
- Microcontroller determines the current tire pressure
- Filling process is terminated automatically once the set value has been reached
- Signal alarm sounds when set value has been reached
- Leakage in the valve connector is indicated by an error message

AdvantagesNo moving parts, therefore

- No wear and tear
- Not susceptible to ingress of dirt
- Easy operation without requiring the use of much force

Keypad is integrated into the front panel sheet, allowing for

- Easy cleaning
- Increased weather resistance

Quality that is "Made in Germany"

TECHNICAL DETAILS

Power supply (electrical voltage)	230V
Power supply (electrical frequency)	50Hz
Hose length	10m
Power consumption	12W
Filling pressure max.	5,5bar
Deviation / Tolerance	< 0,08bar
Air supply min/max	7 - 16bar
