

ADBLUE® AUTOMATIC NOZZLE CAR, WITH SIGHT LINE

UREA U

Article number:252713020
EAN:

DESCRIPTION

In order to achieve the EURO 6 limit values for nitrogen oxides (NOx), diesel-powered passenger cars and light utility vehicles are now also being equipped with SCR technology.The AdBlue® tank technology for trucks and heavy utility vehicles is mostly incompatible with passenger cars and light utility vehicles. The automatic nozzle for passenger cars is designed specifically for filling tanks in passenger cars. The outlet pipe fits passenger cars with an ISO
