

TMS SMART METER SMART MANUAL FLOW METER FOR ENGINE OIL

Article number: 030492110
EAN: 4031109021074

DESCRIPTION

ZigBee® communication module
oils and radiator antifreeze concentrate, w/ modern and practical operating unit, w/ large LC graphic display High
quality workmanship

Technical data:

Use the functions on the website to remember or compare

- Media: engine oil, transmission oil, hydraulic oil and radiator antifreeze
- Operating temperature: 0 °C to +50 °C
- Storage temperature: -20 °C to +70 °C
- Materials: aluminum, PEEK, steel (galvanized & uncoated), stainless steel, brass, coated magnet (Parylene), FKM, PTFE

TECHNICAL DETAILS

Flow rate	max. 10l/min
Ambient temperature	-20 - +70°C
Protection class	54IP
Max. operating pressure	70bar
Viscosity range	20 - 2000mPa·s
Connection	IG 1/2"
Measuring resolution +/-	0,5%

EQUIPMENT

030491000	TMS smart Gateway inkl. Basissoftware TMS Control
030491010	TMS smart Repeater
030499000	TMS smart Control Pro
