

## DIESEL FUEL TANK SYSTEM HDT-TECPUMP 600 AC VT 1000

Article number: 110320400  
EAN: 4031109013130

### DESCRIPTION

- For diesel, heating oil EL/L, and radiator antifreeze (concentrate), GTL, HVO and R33
- Double-walled 1,000 l steel tank made of PE, with bracket
- Level and optical leak indicator
- Incl. Automatic nozzle A 2010 incl. hose swivel joint

Use the functions on the website to remember or compare

- With integrated filter on the suction side
- Self-priming with integrated siphon protection
- 4 m dispensing hose
- Schuko mains plug - cable length 2 m

## TECHNICAL DETAILS

|                                     |             |
|-------------------------------------|-------------|
| Flow rate                           | ca. 55l/min |
| Drum thread                         | G 2"        |
| Ambient temperature                 | -20 - +40°C |
| Medium temperature                  | -10 - +40°C |
| Driving power                       | 370W        |
| Protection class                    | IP 54       |
| Suction hose                        | 1600mm      |
| Current consumption                 | 2,6A        |
| Power supply (electrical voltage)   | 230V        |
| Power supply (electrical frequency) | 50Hz        |
| Discharge hose                      | 4m          |
| Dispense hose profile               | DN 19 x 4mm |
| Max. suction height                 | 4m          |
| Delivery pressure                   | max. 2bar   |
| Suction connection                  | G 1"        |
