

OILBEE 200 MOBILE OIL DISPENSING UNIT WITH SWAPPABLE BATTERIES

OIL O

RADIATOR ANTIFREEZE R

Article number:030497530
EAN: 4031109024846

DESCRIPTION

The **OilBee 200 L** is the heavy-duty dispensing powerhouse designed for high-throughput environments such as commercial fleet depots, heavy machinery workshops, agricultural repair centers, and industrial plants. Engineered to

carry standard 200-liter commercial drums, it transforms bulk fluid containers into agile, point-of-use dispensing stations without the infrastructure costs of overhead piping or hose reels.

Despite managing heavy drum loads, the reinforced chassis with precision smooth-running casters ensures fluid, ergonomic maneuverability. The positive-lock foot brake keeps the unit firmly rooted during dispensing. Powered by an electric gear pump, the system outputs 3 to 5 liters per minute of viscous oils and antifreeze (up to SAE 140). The included dual Li-Ion battery pack and rapid charger ensure continuous, uninterrupted uptime.

The appropriate dispensing solution can be freely selected depending on the application:

027170211 HDZ FMOG ne MÖ – with digital hand-held flow meter (hose end meter for engine oil, non-approved)

030492110 TMS smart Meter MÖ – for oil management systems (engine oil)

TECHNICAL DETAILS

Capacity	60 L
Viscosity	350mm²/s (cSt)
Delivery Rate	3-5l /min
Battery capacity	ca. 150L
Pump type	Gear pump
Dispensing hose	2,10 m
Operating temperature	10 to +30
Dimensions, (L x W x H)	790x580x970mm
Weight	ca 63 (empty)kg
