fr: 08:00 - 15:00 o'clock

- Diesel dispenser with self-priming gear pump and automate HDA pro.
- Identification via transponder technology and/or PIN-code.
- Easy data transfer via LTE integrated modul.
- You can connect the HDA pro to myTecalemit cloud solution, basic version is free. Your tank data are always available, anywhere, anytime. Register and create an account on www.mytecalemit.com to start. It can be used on PC, tablet, Mac and Smartphones.
- The HDA pro automate can control a second dispensing point as well as two level probes.
- Ready to start system for myTecalemit for maximum 100 drivers and vehicles !

Caracteristics:

- Commercial use (MID)
- MID Homologation: DE-14-MI005-PTB027
- Fuel Management System with myTecalemit connection (2.000 users)
- Second dispensing point included e. g. AdBlue®
- Double identification system - driver/vehicle
- Identification via transponder technology
- Data transfer: LTE included as standard
  - incl. SIM card (no following costs for data communication)
  - LTE module has a fallback function to GPRS
- Optional interfaces: USB & LAN
- TRbF compliant, incl. drip tray and leak monitoring
- Two gear pumps with gas separator, filter
- 4-piston meter with pulse generator
- Type-approved automatic nozzle ZVA 25, incl. swivel (truck)
- Type-approved automatic nozzle ZVA Slimline incl. swivel (car)
- Optional hose mast
- Nozzle holder
- Suction side: ovalflange DN 50
  - Rear and underground suction pipe
  - Two dirt traps already mounted in the dispenser
- Robust powder-coated stainless steel housing
- Grafic display 640 x 480 dots, illuminated, with adjustable contrast
- Stores up to 10.000 transactions
- Various languages selectable (Additional languages can be installed with a USB flash drive)

*Depending on viscosity and system

Your advantages:

TECALEMIT GMBH & CO. KG

mo-th: 08:00 - 16:30 o'clock
fr: 08:00 - 15:00 o'clock

- Long lasting gear pump
- Very robust stainless steel housing
- Complete documentation on refueling data
- Access to myTecalemit websoftware
- Service-friendly system structure with prepared return line connection
- User identifikation (driver and/or vehicles) with PIN-code or RFID-transponder possible
- Emergency operation function
- Scallable equipment, also retrofittable
- Permanent communication with myTecalemit

Recommendations:

Please also think about your safety accessories ! Valves, pressure reliefs, filter etc. can be found accordingly in the HDM pro accessories list.

When the order is placed, we require an overview of the drivers and the vehicles that shall be created in the myTecalemit websoftware. The number of users is limited to 100 drivers and vehicles. However, we would be happy to show you how easy to add more users (up to 2,000 drivers and 2,000 vehicles) in there.

MID Notes:
****
For systems / instruments that were placed on the market in accordance with the EC Measuring Instruments Directive (MID) 2014/32/EU, the standard initial calibration has been
replaced by a conformity assessment process according to module F testing by a notified body. We, the manufacturers or a representative authorised in writing, must submit the application for a conformity assessment to a notified body in compliance with module F of the Measuring Instruments Directive. Therefore we require the location of the system / instrument. The date will be fixed by the installation partner (tank construction firm, workshop suppliers). The cost of a conformity assessment is based on expenditure; A scale of charges as applied for the initial calibration does not exist here. The manufacturer charges the costs to the installation partner which one will then usually charge the customer.*

TECHNICAL DETAILS

Flow rate	140/50*l/min
Ambient temperature	-25 - +55°C
Medium temperature	-10 - +35°C
Power supply (electrical voltage)	400V

mo-th: 08:00 - 16:30 o'clock
fr: 08:00 - 15:00 o'clock

Power supply (electrical frequency)	50Hz
Discharge hose	DN 25 x 4 m/DN 19 x 4 m
Viskositätsbereich	1-20mPa·s
Display	640 x 480 px
Accuracy	< 0,5%
Connection suction side	DN 50
Suction height max.	4m

EQUIPMENT

224070000	1" mounting set for standard level probes
224061000	Terminal box IP 66 with breathable filter
233400200	Transponder fob for contactless identification of users RFID Tag Type 1
233400450	Connection for fill level sensor
233400371	Foundation frame B 850
233400165	Floating switch HDM eco and pro
233400470	Fee for activation code HDM eco
233400081	USB RFID Reader Type 1 USB RFID Reader Type 1
233400506	Dispensing hose, with inlay 6.00 m DN 25 x 4 instead of 4.00 m DN 25 x 4
233400508	Dispensing hose 8.00 m DN 25 x 4 instead of 4.00 m DN 25 x 4
