

TIRE PRESSURE REGULATOR AUTOAIR II TRUCK - WALL UNIT

AIR A

Article number:117350000
EAN: 4031109004022

DESCRIPTION

Electronically controlled, automatictire pressure regulator.Stainless steel housing, illuminated display.Legally calibratable, approval through PTB design approvalno. 18.08/00.03 / 18.08/05.03

- Easy to operateDesired tire pressure ispreselected with the use of 2 buttons (+/-) and then confirmed with the (v)

buttonFilling process starts automatically afterhose is connectedMicrocontroller determines the current tire pressureFilling process is terminated automatically once the set value has been reachedSignal alarm sounds when set value has been reachedLeakage in the valve connector is indicated by an error message

AdvantagesNo moving parts, therefore

- No wear and tearNot susceptible to ingress of dirtEasy operation without requiring the use of much force

Keypad is integrated into the front panel sheet, allowing for

- Easy cleaningIncreased weather resistance

Quality that is Made in Germany

TECHNICAL DETAILS

Power supply (electrical voltage)	230V
Power supply (electrical frequency)	50Hz
Hose length	15m
Power consumption	12W
Filling pressure max.	10bar
Deviation / Tolerance	< 0,08bar
Air supply min/max	12 - 16bar

SPARE PARTS

499900322	Replacement rubber seal for standard lever valve plugs
