LTE MODULE FOR HDA PRO INCLUDING SIM CARD

Article number:233400023
EAN:

DESCRIPTION

- Preinstalled LTE (4G) communication module for easy data transfer to the mytecalemit web software or HD Manager 8 (full version)
- SIM card based on M2M is included as well as a data flat for communication with the software. No follow-up costs for data communication.
- Used in combination with the mytecalemit support module "in-house pre-configuration", the LTE module is perfectly suited as a "plug and play" solution. On-site configuration of the FM systems is then no longer necessary and put in operation process can start immediately.
